The Board of Supervisors met in regular session Monday, May 3d, at 10 a. m., there being present Jos. M. Francis, presiding, James T. Casey, Wm. H. Brown, John MacBain and C. V. Thompson.

Wrightson, Anderson & Yost, $28, 558.55.

Dan Flynn, $31,936.05.

It was moved by MacBain, seconded by Casey, that the contract be awarded to Wrightson, Anderson & Yost. Supervisor Brown opposed the awarding of the contract at this time, claiming that the money should be spent in the building of other roads first. The contract was awarded to the above contractors, Supervisors Casey, MacBain and Francis voting yes, and Brown and Thompson voting no.

The following bids were opened for constructing 5,360 feet of right of way fence through the J. L. Flood property in the First Road District:

J. A. Farmer, $479.70.
Frank L. Richardson, $724.19.
A. D. McLellan, $594.40.
J. Monk, $850.00

On motion of Brown, seconded by Francis, the bonds were sold to Blythe, Witter & Co., they being the highest bidders.

A petition presented from B. S. Green and others from the Colma Lighting District, asking for the placing of additional lights on certain streets, was granted on motion of Casey, seconded by Brown.

The claim of V. Bernasque against Maloney Brothers for furnishing material used in the construction of the county highways was ordered filed.

The reports of the four traffic officers were read and ordered filed.

Newton Peck, horticultural commissioner, reported that during the month of April, he had inspected 10,353 trees, shrubs and plants in the county and all were passed as being free of insect pests and diseases. The commissioner called the board's attention to the appearance, at Halfmoon Bay, of the "pea aphis," and also the "bean weevil," both of which were doing great damage in that locality. Mr. Peck stated that both of these troubles could be obviated with the use of the proper control measures. He called the board's attention to the inadequate time allowed to do this work. On motion of MacBain, seconded by Thompson, Peck was instructed to put in the entire month in the services of the county. He was also granted permission to have a phone installed at his home.

The following named liquor dealers, having complied with the county ordinance, and furnished the required bond, were granted licenses:

First township—Augustinio Tossara, Colma; Frank Russi, Colma; Catherine Demartini, Colma; Chas. Cuneo, Colma.

Third township—P. R. Weeks, La Honda; Charles Kreiss, Woodside; A. V. Kieffer, La Honda.

Fourth township—A. Carboni, Princeton.

Second township—Emmett Mercantile Co. (Class B) Belmont.

Third township—John Beltramo, (Class B) Menlo Park.

The license of Eugene D. Kelly of Portola was laid over for 30 days.

J. F. Wienke of Moss Beach appeared before the board in protest to granting a license to J. Edward Roberts of that place. Mr. Wienke stated that property at Moss Beach was all sold with the strict understanding that no liquor would ever be sold on the property. The application was rejected on motion of MacBain, seconded by Casey.

The following applications for liquor licenses will be acted on a month hence:

First township—F. B. Brasso, Colma; J. and E. Biggio, Colma.

Fourth township—Alex Bonzani, Princeton; Johana Quinlan, Halfmoon Bay.

W. C. Christopher appeared before the board in behalf of the petition which had been presented at the meeting of April 5th, and which asked that Randall avenue, leading to the De las Pulgas road be accepted.

District Attorney Swart, to whom the petition had been referred, gave his opinion that the board could accept the avenue, but asked for additional time to look further into the matter. Action on the petition was therefore laid over for one month.

The committee, consisting of Surveyor Neuman, Supervisors Thompson and MacBain, appointed to inspect the August Surtman property at San Gregorio, and ascertain what damage had been done to the property on account of the building of a county highway through it, reported that Surtman's place had been left in a very bad shape and they recommended that he be allowed $300 damages and also that the road be cut down from 66 feet to 40 feet in width. The board, on motion of MacBain, seconded by Casey, accepted the report and allowed Surtman the $300, also cutting down the width of the road.

Acting upon the recommendation of the committee appointed to inspect the Tichenor property with regard to the building of the new San Gregorio road, the board, on motion of Thompson, seconded by MacBain, agreed to allow Tichenor $1000 damages and build for him fifty feet of bulkhead alongside his house.

The board authorized the purchase of a steel roller book shelf at a cost of $735.00 for the office of the county recorder.

A communication was received from the city clerk of Burlingame submitting a resolution canvassing the election returns on the exclusion of certain uninhabited territory within the city of Burlingame. The result of said election showed that 55 votes had been cast, 49 in favor of exclusion and 6 against. The communication was ordered filed.

In the matter of the petition for the formation of the Colma Sanitary District No. 1, Attorney E. F. Fitzpatrick presented a protest from the Spring Valley Water Company against the formation of the district, giving a number of grounds upon which they raised their objection, one of which was that the petition was not signed by a sufficient number of persons possessing the legal qualifications prescribed by law.

J. F. Davis, who appeared in behalf of the petitioners thereupon presented a supplemental petition containing four additional names and asked to have this petition, together with the original one, which had been referred to the district attorney, filed. Mr. Davis also asked the board to adopt resolutions, which he presented, calling for an election in June for the purpose of forming the above sanitary district.

A motion to adopt the resolutions was lost, Supervisors Casey and MacBain voting in favor of and Brown, Thompson and Casey voting against.

County Expert White submitted his report on the analysis of the accounts of the county funds, as instructed to do by the supervisors at a previous meeting. According to White's report, there is an unnecessary surplus in the salary and other funds of $149,000, which he argued should be used to reduce the county taxes.

The supervisors and District Attorney Swart were of the contention that all of this surplus money would have to be expended before the next tax levy. The report was filed.

The district attorney presented an ordinance providing for the holding of three meetings of the board of supervisors each month instead of two; one on the first Monday in each month, one on the second and one on the third, said ordinance to take effect thirty days after its passage. The ordinance was adopted on motion of Brown, seconded by Casey.

The surveyor presented plans and specifications for oiling a portion of the Belmont to Crystal Springs road. On motion of Brown, seconded by Thompson, the plans and specifications were adopted and the engineer instructed to advertise for bids.

The county surveyor was authorized to put barb wire fence through the Demartini ranch over the San Pedro mountain.

On motion of Casey, seconded by MacBain, the liquor license of Fred Russi of Colma was cancelled on account of his selling out and moving away.

The application of Charles E. Loss of Belmont for a liquor license was laid over for a month.

Permission was granted Supervisor Thompson to put a wooden bridge across Pescadero creek instead of the steel cable as was first proposed.

A resolution presented by District Attorney Swart, awarding the Montara school bonds of Blythe, Witter and Company, was adopted on motion of Brown, seconded by Thompson.

John C. Branner, consulting geologist at Stanford University, submitted a report to the board, pointing out the most convenient places for obtaining road material for the new highway from Woodside to La Honda. The report was ordered filed.

Adjourned until Saturday, May 15th.

CHARGES AGAINST SOCIETY WOMAN TO BE DISMISSED.

District Attorney Swart last Monday moved to dismiss the charge pending against Mrs. Adelaide Breckenridge of passing a fictitious check for $206 in this city last month.

The district attorney gives as his reasons for dismissing the charge that nothing was fraudently obtained from the check at the time it was issued. Mrs. Breckenridge had obtained credit from Thomas Flynn for automobile service and when the bill was presented, she gave Flynn a check for the amount, telling him at the time that she did not have sufficient funds in the bank to cover the payment, but would place it there the next day. On the next day she notified Flynn that she was unable to get the money to place in the bank and asked him not to present the check.

Justice of the Peace Seely has taken the matter under advisement.

Fair Commissioner Cleveland has been secured to address the members at the regular meeting of the Redwood City Board of Trade on May 18th.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

If you own an automobile, get in and decorate it—if you don't, get out and watch the other fellow.

Have a good time yourself—and add to the pleasures of your neighbors and guests.

Devote this one day, at least, to showing that Redwood City understands the meaning of the word "Hospitality."

POLITICS FOR THE PEOPLE.

An organization which, while distinctly political in character, is nevertheless decidely unique in its methods and the scope of its work, has just been formed and has established its headquarters in the National Capitol. Thoroughly indicative of its character and designs, the organization has adopted as its name the distinctive appelation of the "Republican Publicity Association."

Never before in the history of National politics has an organization been formed upon so broad and solid a basis as has this one, designed for no other purpose than to educate the voters of the country in the principles and performances of one party and the mistakes and alleged incapacity of another, and this without design to advocate the claims to preference of individual aspirants for the honors of leadership. In fact, it is distinctly announced that above all things the new organization will avoid discussions of candidates for public office and will deal solely with issues of National concern. The object of the new organization is thus concisely stated in the preamble to its constitution:

"American history proves the wisdom of past policies and principles of the Republican party and demonstrates the soundness and superiority of that party's constructvie plans. Believing that return to Republican administration in both the legislature and executive branches of the Natianal Government is the shortest road to restoration of permanent prosperity in both government and industry, we hereby associate ourselves together for the purpose of securing a wider publicity for the achievements, policies and principles of the Republican party, hoping thereby to promote the individual and community welfare of all the American people."

The genius of this unique organization is interesting. It was born in the stirring days just preceeding the close of the sixty-third congress, when a President of the United States had reached the climax in a series of unprecedented efforts to bend a reluctant Congress to his will in legislation. The height of executive boldness had been reached in his struggle to impose upon the country a bill for a government owned merchant marine which had so little support outside of the White House that of fifty-three Democratic Senators, but twelve are said sincerely to have favored it, while the Republican Senators were unanimous in opposition. At this psychological moment, a group of distinguished Republicans, representative of all divisions of the party and all sections of the nation, met to discuss the suggestion of an organized movement to educate the country scientifically upon the merits of the Republican and demerits of the Democratic parties. This meeting resulted in the formation of the Republican Publicity Association with the following as its active officers: president, Jonathan Bourne, Jr.; vice president, Senator Jacob H. Gallinger; treasurer, Representative Martin B. Madden; secretary, Anson W. Prescott; executive committee, the foregoing and Senators Gronna of North Dakota, Works of California, Weeks of Massachusetts, Representatives George W. Frirchild of New York and J. Hampton Moore of Pennsylvania, ex-Senator James A. Hemenway of Indiana, Hon. Dan R Hanna of Ohio and Hon. Benjamin Hanchett of Michigan.

In the execution of the work of publicity especial emphasis will be laid upon the business aspect of legislation and political policies. By means of fair and impartial treatment the business man will be shown how his interests are likely to be affected by one party or policy or another.

High School Debate.

After a long series of defeats in debating, Sequoia has once more won a victory. Last evening in our Assembly hall Marie McAuliffe and Donald Thompson defeated Mildred Holmes and Victor Davis on the question of Life Impoisonment vs. Capital Punishment by a score of 50⅗ to 49⅘. At Mountain View, Charles McNeill and Comte O'Connell defeated Miss Esther Fraser and another young lady by a score of 52⅖ to 47⅕. As a result Sequoia debating stock is looking up after being at a discount ever since Ray Griffin and Stephen Tichenor won championship of the League over San Jose at Mountain View some three years ago.

Coburn Case Resumed Monday.

The suit of A. J. Treat against Loren Coburn that was commenced on Monday will be resumed again on Monday, the case having adjourned last evening until that time. The only witness examined so far has been the plaintiff. He is undergoing a grillin cross examination by Attorney Matt I. Sullivan. The case will probably consume all of next week.

CITY READY TO WELCOME ITS GUESTS

Amidst Holiday Attire Throngs Will Enjoy Great Feast of Flowers and Frolic

All Redwood City takes a holiday today, while its people enjoy their annual festival of flowers and extend a welcome to their hundreds of visitors from all sections. And a notable event it is to be, one which will far eclipse any of those held in the past, although these have been on no mean scale, for while in the years gone by we have confined ourselves to an exhibition of the wonderful floral productions of this section, this time in addition to this, all the attractions of the most inviting residence spot on earth are to be displayed to many who will find them a distinct revelation.

And not only will the hundreds of visitors be royally entertained, but an opportunity is to be given our people to enjoy a day of rare pleasure. For once the city is to be given over to the thrills of the real Carnival spirit. All day long, and well into the night, the day is to be marked by the splendid spirit of genuine old California hospitality.

Every detail of a day of real enjoyment, boht for our visitors and our own people, has been provided for. For weeks the committee in charge of this annual holiday of ours has been at work and their work has been to the point, with the result that we are presented with a program complete in its every detail. Much of the morning will be devoted to the welcoming of our visitors and preparations for the enjoyments of the afternoon and evening.

While much of the program of the day willl be devoted to entertainment, it must not be supposed for a moment that there has been the slightest neglect of the floral features which have been so striking a part af the exhibitions of past years. Every attention has been devoted to the securing of an especially comprehensive exhibition of the wonderful floral productions for which San Mateo county is noted. In the spacious rotunda of our courthouse will be shown a collection of cut flowers and blooming plants which will be a revelation, not only to those unaccustomed to the wonders of our magnificent climate and soil, but to many of those who believe they have grown familiar with our enticing possibilities.

With the moving of the great procession, shortly after the noon hour, with its kaleidoscopic attractions, the real pleasures of the day will begin. Following this, there will be a season of attractive sports and exhibitions at the ball grounds, including an exhibition drill by the justly celebrated "Nationals," a private military organization of San Francisco, with a reputation more than state-wide for the excellency of its military drills. This will be followed by the ascension of a monster balloon. So far as our home people are concerned, the real enjoyment of the day will come with the hours of darkness. Under a splendid illumination, the smooth pavement of Broadway is to be given over to the enjoyment of dancing, for which splendid music will be provided by the Redwood City Band. Here the Carnival spirit will be introduced in the always enjoyable battle of confetti, which will be continued until pure weariness of sport calls a halt.

The program of the day as outlined by the committee is as follows:

The parade will start at 1:45 and will form at Arguello street and Brewster avenue. The line of march will be south on Arguello to Broadway, thence on Broadway to Main, on Main to Maple and countermarch on Main to Broadway, out Broadway to the ball park. The school children will assemble at the corner of Broadway and Webster and join the parade at that point.

The following is the program of the events at the ball park:

1. Music.....Band

REDWOOD IS TO BE CONVENTION CITY

Grand Court, F. of A., Accepts Invitation to Meet Here

Late last evening a telephone message was received at this office from San Francisco announcing that the grand court of Foresters of America now in session in that city had decided to hold the next grand session in Redwood City in May, 1916. The Redwood City delegates made a desperate fight for the convention and by the aid of the merchants of this city finally won the battle. The convention means a great deal to this city as fully 1000 delegates will be present with their wives and friends.

COUNCIL DEMANDS SAFETY FOR PUBLIC

Southern Pacific is Ordered to Provide Protection at Three Dangerous Crossings

That the trustees are now thoroughly awake to the necessity for official insistence upon a greater regard for public safety in the operation of railway trains through this city was made strongly evident at the regular session of the city council Monday evening. Although it was a late hour when this subject was reached, the realization of its importance was evidenced by the fact that a considerable time was devoted to a thorough canvass of the situation, with the final result of a determination to firmly insist that immediate measures be taken by the management of the Southern Pacific Railway to provide adequate measures of protection for users of the public streets of the city. Action on the subject was introduced by Trustee Deleau, who with considerable emphasis urged the moral responsibility of the city officials for accidents which might result from an official failure to demand a sufficient safeguarding of dangerous crossings and the prevention of accidents such as that which recently nearly resulted in the loss of at least one human life.

In his introduction of the subject, Trustee Deleau called especial attention to the unprotected condition of the crossings of Spruce, Chestnut and Cedar streets all of which were at this time thoroughfares carrying a heavy traffic and because of surrounding conditions were especially dangerous spots. He insisted that it was but justice that the railway company should be compelled to maintain safety gates at these points, regardless of the expense of their installation or maintenance. While this contention was generally admitted by the trustees, necessity for further action was made apparent by a report of Superintendent J. C. Dickey, who informed the council that few of the street crossings of the railway had of late been kept in a condition which made travel across the railway tracks reasonably safe, especially for automobiles, owing to the neglect of the pavements between the tracks Another and seemingly almost forgotten fact brought out was the existence of an ordinance of the city limiting the speed of railroad trains to 30 miles an hour, a law which for many years has been practically disregarded. While there was a general disposition among the trustees to admit that the enforcement of this law would result in inconvenience to the traveling public, it was admitted that the allowance of its evasion but added responsibility upon the part of the railway management for public protection. With a final conclusion to put an end to the admitted public menace, Clerk Plump was by unanimous vote instructed to notify the proper officials of the Southern Pacific Railway that immediate action must be taken for the installation of safety gates at the crossings of Spruce, Chestnut and Cedar streets and that needed repairs imust be made and maintained at all other crossings.

EXTENSION OF OAKDALE STREET IS POSTPONED

Trustees Prepare for Submission of Fire Department Bond Issue

With a full board of trustees present at the regular session of the city council Monday evening, but little in the way of general business of public interest was presented.

At the request of A. S. Liguori, who appeared as a representative of Court Madrone, Chairman Merrill was authorized, on behalf of the city to send a telegram to the Grand Court, Foresters of America, now in session in San Francisco, urging that body to hold its session next year in this city.

Street Superintendent Dickey was given authority to provide temporary toilet facilities and to install necessary drinking fountains at the ball grounds for use during the exercises of the Floral Carnival this afternoon.

Preliminary steps were taken looking to the submission to the voters of the question of the issuance of bonds for the purchase of modern fire apparatus. As an initial procedure, a resolution prepared by City Attorney Mansfield was introduced and adopted, declaring that in the opinion of the council, it was expedient and necessary that the city should purchase an auto-chemical hose wagon and equipment at an expense of $7,500 and that bonds to that amount should be issued.

Following the presentation of a protest signed by a considerabl number of the owners of property within the limits of the assessment district proposed, it was decided to discontinue proceedings for the extension of Oakdale avenue to a connection with Duane street. The chief objection of the protestants, according to Jos. H. Nash, who appeared as their spokesman, was the fact that the proposed district failed to include all property which would be benefited and consequently would involve an excessive cost to those who would be called upon to bear the expense.

After a partial hearing, final action on the petition requesting the revocation of the saloon license of Paul Demartini was continued until the next regular meeting and Clerk Plump was directed to issue subpoenas requiring the presence of the signers of the petition at that time. The accused saloon keeper was represented by Attorney A. Kincaid, who offered a number of technical objections to the form of the charges presented.

Superintendent of Streets Dickey was given authority to lay a four-inch water main on Fulton street from Brewster to James street, and to install an additional fire hydrant at the most available place on the new line.

City Attorney Mansfield reported that in his opinion it would be unnecessary to commence legal proceedings to force the construction of needed new sidewalks. Reports made to his office, he stated, indicated that in practically all instance private contracts for the work had already been let.

An adjourned session of the council will be held next Monday evening at 8 o'clock, when bids for the construction of curbs and sidewalks on the County road will be received.

ESTEEMED PIONEER WOMAN GOES TO HER ETERNAL REST

Mrs. Annie Scully, wife of John Scully of this city, passed away at her home here late Thursday afternoon following an illness of one month. About a month ago the aged lady suffered a stroke of apoplexy from which she never recovered, though her family did all that was possible to restore her health. The deceased was a native of Liverpool, England, and was 77 years of age. Mrs. Scully was a resident of San Francisco for fifty years prior to coming to Redwood City two years ago. She was a woman of the highest ideals, beloved by all who knew her and greatly esteemed by her neighbors. She was a good mother and devoted wife and a true Christian woman. Immediately after her death the body was taken to her son's undertaking parlors in San Francisco. The funeral will take place this morning. A solemn requiem high mass will be celebrated at 10:30 o'clock at the Mission Dolores church. Interment is to be in Holy Cross cemetery, Colma. Mrs. Scully is survived by her husband, John Scully, a veteran of the Civil war, and the following children: James Scully, residing in San Francisco, Frank Scully, a member of the undertaking firm of Barry and Scully, San Francisco, Sister Mary Clement, a Sister of Mercy, San Francisco and Mrs. John J. Shields of this city.

DISTRICT ATTORNEY MOVES TO DISMISS MURDER CHARGE

Felice Lombardi, who was charged with murder for the killing of Tony Protozonni at South San Francisco last December, was yesterday released from jail, and the murder charge against him dismissed.

The District Attorney stated to the Court that in his opinion it would be impossible to secure a conviction upon another trial, the former jury, having stood 10 to 2 in favor of the prisoner, and upon his motion the charge was dismissed.

Lombardi's trial was the first murder trial in this county upon which women acted as trial jurors, five women and seven men comprising the jury, the women voting for acquittal.

The evidence disclosed the fact that Lombardi was attacked by a number of Italians, and to protect himself he shot and killed Protozonni, who seemed to be the leader of the attacking party.

Considerable interest was taken in the trial by the Italian colony in the north end of the county, who attended in large numbers. The defendant was represented by former District Attorney Joseph J. Bullock. To his ability and adroit management of the case, Felix Lombardi owes his freedom.

CONGRESSMAN KAHN WILL SPEAK HERE ON MAY 12.

Congressman Julius H. Kahn of San Francisco has accepted the invitation of President Stuart Frank of the Redwood City Board of Trade and will address the members of the board and the people of this city at a public meeting to be held in the Bell theatre on Wednesday evening, May 12th.

Congressman Kahn is too well known here to need an introduction. As the representative of the Fourth Congressional District of California, composing practically all of San Francisco county, for the past twenty years, Kahn has done perhaps more for his constituents and for the State in general than any one man at Washington. He is considered one of the ablest men of the House and his personal influence among his colleagues had much to do with the bringing of the World's Fair to San Francisco instead of going to New Orleans.

Congressman Kahn is in addition a very forcible and brilliant speaker; and a rare treat is in store for all who will be able to be present on the 12th and hear him. At the conclusion of Mr. Kahn's address the regular program of the Bell theatre will be given.

Prizes were won by George Kerr, Dorothy Barton, Una Chapin, Stanley Marcus, Angel Shaw and Alma Thompson.

FUTURE OF CITY IS NOW ASSURED

REDWOOD SOON TO BECOME HOME OF GREAT MANUFACTURING PLANTS.

Harbor Company Will Have Finest Factory Sites and Best Harbor on Sar Francisco Bay.

The long cherished dream of the people of this city that Redwood was someday to become one of the greatest manufacturing places on the Pacific Coast, is soon to be realized.

The Redwood City Harbor Company is rapidly pushing to a completion the work started over a year ago, of reclaiming 500 acres of marsh lands on its property east of town. When this work is completed there will be ready for occupancy one of the finest tracts of land suitable for factory sites on San Francisco bay.

Already manufacturers have commenced to realize the importance of this tract and some sixty-five acres have been sold at this early date to some of the largest corporations in the State.

A big dredger of the American Dredging Company started work last Thursday in building up a strong levee six feet high, around the entire property as a protection against unusually high tides. Suction dredgers will be used to fill in the interior of the property later on.

The lands of the company extend to the bay and a railroad line has already been constructed to run to the waters edge and connect with the main line of the Southern Pacific. A large number of spur tracks will be built just as soon as the weather conditions permit. A hard macadam road, paralleling the main railroad, is now being rapidly pushed to completion.

It is the intention of the company to construct two main docks, one for the accommodation of ships laden with raw material for the manufacturers; and the other for the benefit of the people and merchants of Redwood City, who will be given free use of the wharf.

The company has a water frontage of over four miles and the depth of the water at all points is sufficient to allow the largest deep water vessels to land. The site is the most natural on the entire San Francisco bay for a deep water harbor, twenty-two feet being the depth at low tide.

The construction work is in charge of A. W. Pioda and Mayor Geo. A. Merrill of this city is managing director of the company. The directors are E. K. Woods, Geo. A. Merrill, A. Schelling, Christian de Guigne Jr., and W. J. Hotchkiss.

COLMA INFORMATION

COLMA, May 7—The Windmills of Holland in the Colma hall last Saturday night was the great attraction, and was witnessed by one of the largest and most appreciative audiences that has ever assembled in Colma. The young ladies who played and sang the operetta had spared no efforts. Miss Mary Belli, the pianist and Miss Josie Armanino, the leader of the singers, are certinly deserving of compliments for the hard work they performed. The following young ladies took part in the operetta: Miss Agnes Doyle, Josephine Doyle, Erminie Biggio, Wilma Neville, Winifred Cortage, Grace Cortage, S. Logamarsino, Norma Belli;, chorus —Miss Armanino, Charlotte Biggio, T. Sturla, S. Bocci, J. Logamarsino, A. Lafrance, I.. Wright and Lea Conserve.

COLMA, May 7—Last Thursday's wind was fatal for two of the boys of the Vista Grande school. John Osian and Walter Peterson concluded to climb the Crocker hill in the neighborhood of the municipal reservoir and find a cosy spot on which to have a little picnic of their own. On their way up they had to get through a barbed wire fence. When they came to the fence they did not know that the wind had blown down a highly charged wire and thrown it across the barbed wire fence, making it a deadly barrier. Signs of danger must have been in evidence though, for a third boy who escaped, says that they all stopped at the fence, but John Osian decided to go on and was electricuted as soon as he touched the barbed wire. His chum, Walter Peterson, attempted to help him and was knocked down, too. The third turned and fled back to the school, giving the alarm. Miss Hazel Prouty, the vice-principal, summoned help from all quarters. Soon Marshal Taft, Trustee Landini and many others were present but it was some time before the bodies could be removed from contact with the deadly wires. When they were freed, all means were employed to see if any life remained but there was no sign. They had been killed instantly. The school trustees dismissed the school for the day and the following day. Words can not tell the grief of the parents when they looked upon their only boys, taken from them without a moment's warning. The neighbors and the boys' school mates did all they could to show their sympathy. The two homes were filled with friends until the hour of the funeral. They were laid to rest on May Day, Johnnie Osian in Holy Cross and Walter Peterson in Olivet cemetery. It was the saddest May Day this locality has ever known. Both boys were in the third grade and were general favorites with all.

The San Mateo County Center will meet with Mrs Stella Jensen at Colma on Saturday, May 11. For the convenience of those desiring to go, the Peninsula Rapid Transit Company has donated the use of one of their busses. The bus will leave the depot at 1 o'clock.
